International University for Graduate Studies

BELIEFS

- There is a need for graduate degrees that are affordable, individually paced, possess academic integrity and allow doctoral candidates to continue to meet their other obligations.
- All relevant post-graduate credits from accredited institutions should be accepted for transfer.
- Most post-baccalaureate credits required for licensing and certification should be accepted for transfer.
- Graduate students should have the right to take post-baccalaureate courses at various institutions that serve their professional and personal objectives.
- Graduate students seeking degrees should be required to take, or to have previously taken, the traditional number of post-baccalaureate credits required by major universities.
- Graduate students should be individually recognized and respected for their professional and academic accomplishments.
- Students with professional maturity and relevant life experience are the best candidates to pursue graduate studies.

Accreditation from a sovereign country is the highest form of accreditation.

In addition, the University has had:

- Approval for tuition reimbursement and payment from major U.S. hospitals, unions, government agencies and private institutions;
- Co-sponsored continuing-education programs with U.S. and International certification, licensing agencies and organizations;
- Graduates who are in private practice and hold or have held key positions in many academic, government and private institutions.

HOW LONG DOES IT TAKE TO EARN THE DEGREE?

On a part-time basis, most candidates are anticipated to complete their degree requirements within eighteen months. The determining criteria are dedication and the candidate’s previous academic and professional portfolio.
